

ADDITIONAL SAFETY MAT

WITH ANTI VIRUS PROTECTIVE COVER - REF. 7002

INNOVATION

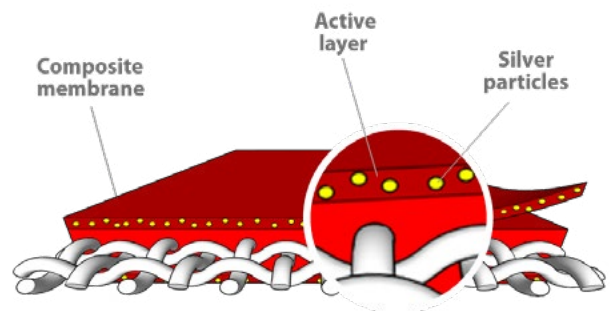

NEW ANTIVIRAL TECHNOLOGY PROTECTING YOU IN THE PRACTICE OF GYMNASTICS

This multi-purpose mat has been designed to increase protection, confidence and comfort in training whilst **reducing the transmission of viruses**. Its antiviral properties offer effective protection against viruses including COVID-19 and other bacteria.

A MAJOR INNOVATION TO COMBAT CORONAVIRUS

Manufactured integrating silver particles this mat is reactive and can reduce the spread of virus on the working area by **up to 95% after just 15 minutes and 99.5% within 60 minutes** compared to non-treated or conventional coverings*.

TECHNICAL FABRIC WITH ANTIVIRAL PROPERTIES BASED ON SILVER PARTICLES

ANTIVIRUS PROPERTIES TESTED

This technology has been tested by the VIRHEALTH laboratory, specialized in virucidal applications of decontamination and disinfection technologies.

Designed for multi-purpose intensive use, this mat is **ideal for all gymnastics and acrobatic landing**. Providing comfort and safety while limiting the spreading of virus due to its unique **anti-viral protective cover**.

TECHNICAL FEATURES :

- Class M2 fire rating, 590 gr/m², smooth PVC cover, complies with the REACH regulations, including **virucide and bactericidal properties**,
- Single density (28 kg/m³), polyurethane foam,
- 4 carrying handles

Also features :

- Ventilation grid,
- Anti-slip bottom,
- Weight: 15 kg,
- Removable cover,
- Dimensions: 200 x 175 x 10 cm (Lxwxth.)

Anti-virus cover only Ref. 7009 available

Carrying handles are also manufactured with the anti-Viral covering to ensure maximum sanitary protection.

CLEANING CARE:

*To maintain the anti-viral features of the cover** it is strongly recommended to clean the surface of the mat on a regular basis using a neutral detergent. Soak a clean cloth with the cleaning agent and thoroughly wipe down the entire surface. Removing any residual detergent with a clean dry cloth.*

***The cover can keep anti-viral properties up to 3 years, if cleaned according to above guidelines**.*
