

BASES AND MINI-BASES

- These bases enable various play activities to be set up to encourage the development of coordination and balance in young children

Can also be used alone or in combination with wooden mini-bars, learning beams and Educ'Gym benches

- Wood ensures comfort

- They are easily stackable and modules of the same level can be created by stacking one or more bases of different heights
- Suitable for teaching and play exercise
- Easy to set-up, to store and to transport

=> Please note that in accordance with French standard NF S 54-300, a landing zone should be provided at the base of all structures and modules over 60 cm in height.

TECHNICAL FEATURES

- The four sides of the bases have holes for attaching other components of the system via a simple by locking or fixing method (e.g., beams, bench, and bars)

BASES

- Length = 160 cm
- Width = 40 cm

Three models available

- **Ref. 0065** - Height = 33 cm
- **Ref. 0066** - Height = 48 cm
- **Ref. 0067** - Height = 63 cm

Ref. 0065

Ref. 0066

Ref. 0067

MINI-BASES

- Length = 75 cm
- Width = 40 cm

Three models available

- **Ref. 0060** - Height = 33 cm
- **Ref. 0061** - Height = 48 cm
- **Ref. 0062** - Height = 63 cm

Ref. 0060

Ref. 0061

Ref. 0062

STEP BASES

- Width = 40 cm

Two models available

- **Ref. 0064** - **MINI-STEP BASE**
Length = 75 cm, 2 heights = 33 and 48 cm

- **Ref. 0068** - **STEP BASE**
Length = 160 cm, 3 heights: 33, 48 and 63 cm
