

LEARNING BEAMS

- ❑ Allow the discovering and the initiation to gymnastics
- ❑ Enable various play activities to be set up to encourage the development of coordination and balance in young children
- ❑ An infinite variety of courses can be created by associating the different wooden range's modules (bases, mini-bases, another learning beams...) thanks to the locking system
- ❑ Added comfort, stability, and safety
- ❑ Can be used with all the bases and mini-bases that are part of the Educ'Gym range

TECHNICAL CHARACTERISTICS

- ❑ Covered with carpet
- ❑ Fitted with toggle hooks for attaching to Educ’Gym bases or another identical beam
- ❑ Height: 34 cm
- ❑ Width: 12 cm
- ❑ The base of the beam’s body is at 17 cm of the floor
- ❑ You can add a mat of 10 cm when the beam is used on the floor
- ❑ You can add a mat of 20 cm when the beam is used attached at a base
